Karla and Jordan's Horse Ride

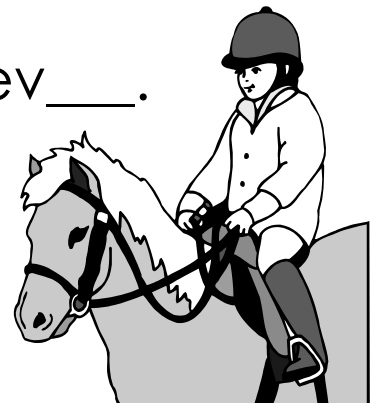

Karla was very excited. On Saturday, she and her brother, Jordan, were going to their Uncle Bert's farm, and they would be allowed to ride the horses.

At last, it was Saturday. Karla and Jordan went in the car with their mother and father. They drove for a long time.

When they got to the farm, Uncle Bert met them at the gate. He was a tall person, with dark hair.

Bert took them all to the barn, where the two horses were waiting. One horse was grey, and the other one had black spots all over.

Karla was more excited than ever. She could hardly wait while Uncle Bert saddled the horses and led them out into the paddock.

Then B___t helped K___la and J___dan up onto the h___ses' backs. K___la said, "I want to cant___!" J___dan said, "I want to jump ov___ the fence!"

Uncle B___t laughed. "You need to learn to walk, first", he said. So they st___ted off, walking around the track in the paddock, slowly at first, and then a bit fast___.

They rode for an hour, and K___la thought it was m___e fun than anything... even if she was a bit s___e aft___ they got off the h___ses. She was so tired that she fell asleep lat___, when they w___e on the way home in the c___.

Now, K___la can't wait f___ the next time they go riding at the f___m... so she can try cant___ing!
